

Boston University Chobanian & Avedisian School of Medicine

BOSTON MEDICAL CENTER (BMC) and Boston University Chobanian & Avedisian School of Medicine IS HIRING

Boston Medical Center (BMC) is a network of support and care that touches the lives of hundreds of thousands of people in need each year. BMC is committed to providing consistently excellent and accessible health services to all and is the largest safety-net hospital in New England. It is the largest and busiest provider of trauma and emergency services in New England. The hospital is also the primary teaching affiliate of the nationally ranked Boston University Chobanian & Avedisian School of Medicine (BUSM).

The BMC Department of Psychiatry, located at our main campus in Downtown Boston, has a range of ambulatory based clinical opportunities reflective of an exciting period of departmental growth as well as inpatient positions at our brand new Behavioral Health facility in Brockton, MA. We are expanding our care for a diverse, underserved patient population facing a range of behavioral health, and often co-occurring physical health conditions. We are seeking skilled, passionate, mission driven psychiatrists who are looking to make an impact. Candidates can be considered for positions in both our inpatient and outpatient locations for those seeking a combination of both settings. We also partner with our Community Health Centers to provide psychiatric care within our surrounding communities.

INPATIENT OPPORTUNITIES We have an exciting opportunity for an Adult Inpatient Psychiatrist to join a new inpatient behavioral health campus in Brockton where we deliver a state of the art individualized recovery experience for patients. Inpatient psychiatrists will work collaboratively with a multidisciplinary team to provide evidence-based exceptional care to patients. Candidates who have an interest in working with patients who come from underserved populations are strongly encouraged to apply. Teaching opportunities will be available and physicians are eligible for faculty appointments at the Boston University Chobanian & Avedisian School of Medicine (BUSM).

BMC MAIN CAMPUS OUTPATIENT & AFFILIATED COMMUNITY HEALTH CENTER OPPORTUNITIES: We are seeking Adult and Child/Adolescent Psychiatrists to provide acute and longitudinal ambulatory services, including substance use specialization and general outpatient care. We have opportunities on the main BMC campus, in brand new clinical spaces (2023-2024 opening) as well as embedded within our partner, Community Health Centers throughout the Boston area. Psychiatrists will provide thoughtful comprehensive and acute based assessments, psychopharmacology services, working closely with an interdisciplinary team including recovery and peer specialists, mental health clinicians, psychologists, advanced practice providers, and case managers for comprehensive treatment planning. This is an opportunity to become a member of a growing academic department with opportunities for research/educational contributions.

MEDICAL DIRECTOR, BMC Community Behavioral Health Center (CBHC): We are seeking an Adult or Child/Adolescent Psychiatrist to provide medical leadership for the BMC CBHC, one of 25 sites across the commonwealth, providing mobile crisis intervention, community crisis stabilization and walk in outpatient services for behavioral health disorders for adults and children. This is a unique opportunity to participate in the statewide effort to redesign and innovate access to behavioral health care as a member of a growing academic department with opportunities for research/educational contributions.

If you're interested in learning more about these opportunities and in applying to these open positions, please submit your resume for consideration to Dr. Paul Hammerness, Executive Vice Chair of the Department of Psychiatry, at BMC: Paul.Hammerness@bmc.org
